Dear Parents/Carers

YEAR 3 REMINDERS:

Homework

Homework will be given out every Friday and will be due in the following Wednesday.

Our current topic in history is Rocks and Soils. The children's homework this week is to collect small rocks from the local field/park for us to analyse during our history lesson next week. No more than 4/5 rocks are needed to be brought in. The rocks can be brought in at any point before Wednesday and placed in the box in class.

P.E

P.E will be every FRIDAY. I've explained to the children that kits should be left in school and then taken them home to be washed during half-term.

Guided reading books

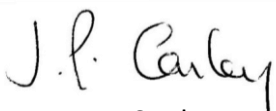

Guided reading books will be changed every Friday if the children have finished them (Please bring your book in your book bag every day to school). Children will read with staff throughout the week.

Spellings

Children will be provided with a spelling sheet every Friday and will have 1 week to practice these spellings at home. The children will then be tested on these spellings the following Friday.

If you have any questions, please don't hesitate to speak to Mr Moorcroft at the end of the day.

Yours sincerely

Mrs J P Conley
Headteacher
