Dear Parents/Carers

Nursery Attendance

We hope you and your family are well. We are writing to share a reminder about the importance of regular attendance in Nursery and how it helps children to get the most from their early school experiences.

Nursery is the start of a child's school journey and attending regularly is very important. When children come to Nursery consistently, they are able to build strong routines, develop friendships, and take part in all the exciting learning opportunities that support their language, confidence and social development.

We understand that young children can sometimes be unwell and occasional absence is unavoidable. However, regular attendance helps children feel settled and confident in the Nursery environment. Even missing a few sessions can make it harder for children to keep up with routines and learning experiences.

Our aim is to work in partnership with families to help children develop positive attendance habits from the very beginning of their education. If your child is finding it difficult to attend regularly, or if there is anything we can do to support your family, please speak to a member of the Nursery team. We are always happy to help.

Thank you for your continued support in ensuring your child attends Nursery as regularly as possible so they can enjoy and benefit from everything we offer.

Yours sincerely

Mrs J Conley
